Running Boards SUMMIT RIDGE & CROSSROADS

LUND™ Summit Ridge

LUND's Summit Ridge corrosion-resistant aluminum running boards add extra style with a purpose. Proprietary construction methods result in a superior product outperforming factory running boards. Wide stepping surfaces, slip-resistant raised step pads provide sure and safe footing for drivers and passengers alike.

- Exclusive, signature OE-styled design
- Solid, encapsulated design ensures rigidity and stability
- No drilling or special hardware required
- Available in 80" L and 87" L

Available in Chrome and Black Finish

LUND™ Crossroads

LUND's Crossroads running boards are engineered to be a perfect fit for CUVs and trucks. These OE-styled running boards feature a crescent-shaped design with chrome end caps, creating a rugged yet contemporary look and feel.

- 5" wide aluminum extruded board with full length rubber treads and chrome end caps
- No-Drill brackets and comes in Combo Packaging (Board and Bracket)
- New applications available - see catalog for complete listing

See Catalog for Complete Application List

Limited Lifetime Warranty

THE BOARD THAT MOVES NOW WITH WI-FI CONTROLLERS

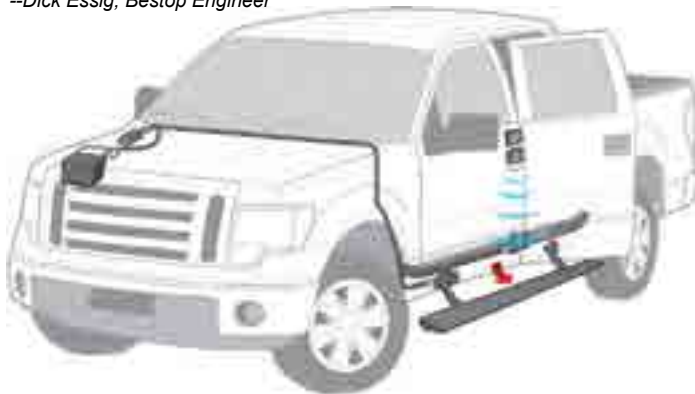

PowerBoard® NX Now with New Wi-Fi Technology

SMARTER: The same design as the original PowerBoard, but now using patented wi-fi technology that sends the door signals to the controller.

EASIER: Installation just got quicker, and far easier: no more removing door panels, no tapping into the factory color-coded door wires.

"The only reason an installer needs to get in the cab is to turn on the ignition"
--Dick Essig, Bestop Engineer

Wireless components are placed in the door jambs. Signal travels to central receiver, which signals controller to open or close the steps as needed. No door wires are tapped, and the interior of the truck cab is not touched or altered.

PowerBoard® Retracting Running Board for Trucks and SUVs

- Electrically powered running board hides stealthily underneath your truck when doors are closed and extends down to meet your foot when door opens.
- Drops down about 6" and out 2" to create a stair-step into your truck
- Full length board works with both front and rear doors, driver and passenger sides
- 600 pound load capacity per side
- 3 year / 36,000 mile warranty

THE GORHINO DOMINATOR SERIES

THE GORHINO DOMINATOR D2 CAB-LENGTH

CAB LENGTH

DOMINATOR D2 CAB LENGTH

- Dominator hoops now feature a wider and more slip resistant step pad.
- Punched steel step pads offer extra grip.
- Application specific installation brackets make for faster, easier installation.
- Patented step and mounting system allow easier, safer entry and exit.
- No drilling required on most models and body lift kit compatible.
- Cab length.
- 2 1/2" round tubing on main bar.
- Will ship UPS.
- Aluminum steps available separately, see Jobber Price List
- Black powder coat with a 5 year warranty.
- Polished stainless steel with a limited lifetime warranty.
- U.S. Patent No. 6,588,783 - 6,874,801 and other patents pending.

THE GORHINO DOMINATOR D4 DUAL-STEP™

DOMINATOR D4 CAB LENGTH DUAL-STEP

- Specifically designed for each application with a new wider stepping surface on bar and hoop.
- Perfect bar for any lifted vehicle and any taller pick-up with larger wheels and tires.
- Bolt-on, no-drill installation for all applications.
- Mounting brackets and hardware included.
- Stylish fully welded end caps. (polished stainless only)
- Fits 2 and 4 wheel drive models.
- Will ship UPS.
- Aluminum steps available separately, see Jobber Price List
- Black powder coat with a 5 year warranty.
- Polished stainless steel with a limited lifetime warranty.

STEP PRODUCTS

ROCK RAILS SYSTEM & LATITUDE NERF BAR

LUND™ Rock Rail System

LUND's exclusive Rock Rail is a modular system that offers truck owners a choice of a double or single step rail that can quickly be removed, leaving the rock rail base to protect the truck body when off-roading.

- Constructed of fully welded 3mm thick mild steel for off-road truck protection
- Exclusive modular system and design offers multiple style options
- Quick and easy installation and removal of individual step rails

LUND™ Latitude Nerf Bar

Exclusive patented design, the LUND Latitude is a step above all the rest. Constructed of 3" Stainless Steel, Latitude's powerful W design with polished steel steps stand out in a crowd. Strength, beauty, and amazingly functional design place this nerf bar in a class of its own. Perfectly placed step pads comfortably dip down to allow a solid foot pad for drivers and passengers to enter and exit with ease and style.

- Available in polished stainless or black powder coat for durability
- Runs the full length of your cab
- Optional replacement step pads available in both finishes sold separately
- Easy to Install

See Catalog for Both Complete Application List
